

COLDFOOT & ISNETWORLD

January 2021

Coldfoot Environmental Services, Inc. (Coldfoot) has been a contracting client member with ISNetworld since January 2020. “ISNetworld is an online contractor and supplier platform of data driven products and services that help manage risk and strengthen relationships. It helps reduce unnecessary duplication associated with traditional qualification processes.” ISNetworld identifies the qualifications and regulations that are required by hiring clients according to the Contracting Client’s job description. Based on those requirements, ISNetworld provides the contracting client with a list of needed documents, reviews those documents upon submission, and rates them based on level of qualifications. Coldfoot has been through this process and is compliant with ISNetworld regulations including:

- Asbestos Abatement / Removal
- Asbestos Awareness
- Bloodborne Pathogens
- Confined Spaces
- Electrical Safety Awareness
- Fall Protection
- Ground Fault Protection
- Hand and Power Tools
- Hazardous Waste Emergency Response
- Hazardous Waste Operations
- Lockout / Tagout
- Personal Protective Equipment (PPE)

We are ISNetworld compliant and are excited to work with you on your next project! If you are interested in reviewing our compliance records or connecting with us through ISNetworld, use the “Contact Us” form on our webpage and we will get back to you with directions on how to connect with us as a contracting client as soon as possible.
